OR SKIN CANCER.

For seven years I suffered with a cancer on my face. Eight months ago a friend recommended the use of Swift's Specific and I determined to make an effort to procure it. In this I was successful, and began its use. The influence of the medicine at first was to somewhat aggravate the Sore but soon the inflammation was allayed, and I began to improve after the first few bottles. My general health has greatly improved. I am stronger, and able to do may kind of work. The cancer on my face began to decrease and the ulcer to heat, until there is not a vestige of it left-only a little sear marks the place.

Mis. JOSCH A. McDONALD.

ATLANTA, GA., Aug. 11, 1885.

I have had a cancer on my face for some years, extending from one cheek bone across the nose to the other. It has given me a great dead of pain, in times burning and tiching to such an extent that it was almost unbearable. I commenced using swift's Specific in May, 1885, and have used eight bottles. It has given the greatest relief by removing the inflammation and restoring my general health.
